BODY OF CARDINAL LIES IN STATE AT CATHEDRAL ALTAR

Taken to St. Patrick's From Residence as Crowd Waits in Rain.

PRAYERS ARE OFFERED.

Church Open Until 11 o'Clock Every Night Until Funeral Tuesday.

St. Patrick's Cathedral this afternoon received the body of John Cardinal Farley.

There on an inclined bier, where it is visible to all who gather in the great building, the purple robed figure will rest in state until Tuesday.

At 3 o'clock this afternoon the Cardinal's residence, where mourners had been received all day, was closed. The robes were then changed from cardinal to purple, and the purple will be changed to black at the burial.

At 4 o'clock a solemn procession escorted the body from the house to the Cathedral, which had been closed to visitors, and it was announced that it would remain closed until after a brief mass and silent prayer on the part of clergy.

Thousands who had waited in the rain, some of them standing for hours, expecting to be allowed to enter the Cathedral before evening. The police maintained order in the waiting lines.

Among the thousands of telegrams received to-day was one from the Most Rev. John Bonzano, Apostolic Delegate at Washington, saying:

"I beg to extend my deep sympathy to the clergy and faithful of the Archdiocese of New York for the great loss sustained in the death of their beloved Archbishop Cardinal Farley, whose active and enlightened zeal crowned with splendid achievements has shed new lustre on the Catholic Church and particularly on the great Archdiocese."

Other messages, similar in tone.

(Continued on Tenth Page.)

SUCCESSOR TO CARDINAL TO BE YOUNG AND VIGOROUS; POPE SENDS CONDOLENCES

ROME, Sept. 20.—The selection of a successor to Cardinal Farley of New York will be considered at the November meeting of the Consistory. It is stated that owing to the important duties of the office a young and vigorous man probably will be chosen.

Cardinal Gasparri, the Papal Secretary of State, has sent the following message to Mr. Mooney of New York:

"The Holy Father has learned with the deepest sorrow of the death of His Eminence, Cardinal Farley. He expresses this great loss which the Sacred College and also the Archdiocese of New York has sustained.

"While he offers his hearty sympathy to the clergy and people of New York he prays God for the repose of the soul of the great Cardinal."

First of The World's Contingent To Be Killed Overseas Had Been Decorated for Bravery in Field

Sergt. Charles E. Denon Died in Battle That Drove Foe Over Ourcq.

The first of The World's family to give his life overseas for democracy was Sergt. Charles E. Denon, confirmation of whose death in action was received last night in a telegram from the War Department to the family at Richmond Hill, Sergt. Denon, before he enlisted in the old 69th New York, was employed in The World's pressroom, where his father and brother now work.

The family, however, had known for a week that Charles had been killed on July 31 in the battle that resulted in the Germans being driven across the Ourcq River, as a letter from a comrade at that time, saying, "Charles has gone to Happyland," brought the sad news. For bravery displayed on the field Sergt. Denon had been decorated with the French War Cross.

Sergt. Denon, who passed his twenty-seventh birthday in France, had been an employee of The World for ten years. He sailed for France with his regiment in October, 1917, at that time having been a corporal in F Company, 2d Battalion.

PERSHING TELLS HAIG HEROIC BRITISH ARMY IS INSPIRATION TO OUR MEN

Declares Americans Will Fight Side by Side With Allies Until World Peace Is Won.

LONDON, Sept. 20. FIELD MARSHAL HAIG to-day received the following telegram from General Pershing:

"The officers and men of the American Army are deeply appreciative of the sentiments conveyed by you from your veteran army, whose heroic conduct on many a field has been both an example and inspiration to us all. Please extend to all ranks of that splendid army the affectionate regards of the young American Army, and assure them we will battle on by their side until permanent peace is assured the world."

CONGRESSMAN MANN'S SON ENDS HIS LIFE IN CHICAGO

Ill With Tuberculosis, He Shoots Himself After Killing His Pet Dog.

CHICAGO, Sept. 20.—After shooting and killing his pet dog, James H. Mann Jr., son of the Illinois Congressman and Republican leader in the House, shot himself to death here to-day.

In a note addressed to his mother, who is in Washington, the young man said he did not expect to live much longer, "and that I might as well end it now."

He was suffering from tuberculosis. He was twenty-eight years old.

WILSON TO VOTE TUESDAY.

Will Cast Ballot at the New Jersey Primaries.

WASHINGTON, Sept. 20.—President Wilson will vote at the primary election in Princeton, N. J., next Tuesday. It has been the President's custom to return to his home district to cast his ballot at all State and primary elections. Aside from local contexts, the primaries in New Jersey are of no unusual importance.

GERMAN MACHINE GUNS HIDDEN IN PEDESTAL OF CROSS IN CEMETERY

Found After the Victory Which Cleared the Old St. Mihiel Salient.

WITH THE AMERICAN ARMY IN LOURRAINE, Sept. 20 (Associated Press).—In a cemetery near Luney, just within the German lines previous to the attack on Sept. 12, American troops have discovered German machine-gun nests beneath the concrete pedestal of a large cross.

The Germans had dug in along the center of the foundation and constructed machine-gun positions at three places facing toward the French lines. The cemetery is on a hill commanding a view of the country to the south, and the Germans assumed that if an attack were made the cemetery would not be subjected to artillery fire.

When the Franco-American offensive started the Germans held the machine gun nests in the cemetery as long as possible, but were compelled to retreat in haste before they could use the guns. So hurried was the enemy retreat that several machine guns were found in the cemetery by the Americans. The cemetery was not hit by shells and the cross still stands.

ARCHBISHOP IRELAND SINKS

Physicians Have But Slight Hope for His Recovery.

ST. PAUL, Sept. 20.—The condition of John Ireland, Roman Catholic Archbishop of St. Paul, became increasingly grave to-day. His physicians hold only slight hopes for his recovery.

Our special price to-day and Saturday, \$14.95 & \$17.95. Open Saturday night till 10. The Hub Clothing, B'way, cor. Barclay St. —Adv.

TRIED BLACKMAIL ON FAIRBANKS AND MOORE, IS CHARGE

Le Claire, Held After Taking \$150, Tells of His Plan to Sell Hotel Register Page.

Assistant District Attorney Kilroe this morning prepared evidence for the Grand Jury in the case of Jack Le Claire, actor and hotel clerk, who is charged with extortion and blackmail.

The names of Douglas Fairbanks, the movie actor, and Owen Moore, the movie actor, will figure in the case. Mr. Kilroe says Le Claire has admitted trying to sell a page of a hotel register first to representatives of Douglas Fairbanks, afterward to counsel for Owen Moore. The page contained the entry, "Owen Moore and wife." It was on the register of the Hotel Almac, Atlantic City, and was dated July 29. Moore says the entry is a forgery.

The page was actually sold in the presence of detectives. Mr. Kilroe says, to Butler Graham, No. 165 Broadway, counsel for Mr. Moore. The price paid is alleged to have been \$150—an amount which will be used as evidence.

Moore told an Evening World reporter to-day that he had not been in Atlantic City for several years. "Furthermore," he added, "I always sign my name 'O. E. Moore.' When Miss Pickford accompanied me I signed it 'Mr. and Mrs. O. E. Moore.'"

Moore signed his name for the benefit of The Evening World man, and after comparing it with the page from the hotel register it was found there was not the slightest resemblance. "I never saw this fellow before in my life," said Moore, looking at Le Claire closely.

This is Le Claire's story: "Some time during the latter part of June I saw a man, said to be a brother of Douglas Fairbanks, from Fortville, Pa., talking to C. E. Dodson, a clerk at the Hotel Almac. He gave him \$10. Two days afterward I saw the same man turning over the pages of the register. I told him it was against the rules to do this. But I volunteered to do it for him.

"A few days later Dodson received a letter from the law firm of O'Brien, Malvinaky & Driscoll, with offices in the Fitzgerald Building, Times Square, including a check and asking that Dodson remove the page, that it might be photographed. I refused to allow Dodson to do this. Afterward I removed it myself and filed it away.

"Dodson then joined the army, and I took the matter up with the attorneys, as well as the attorney for Mr. Moore. I believed Moore was guilty, and being a brother actor, desired to protect him. You know the rest."

Moore says he can show he was registered at the Godfrey Farms Hotel, White Plains, from July 19 to 21. He refuses to admit that Douglas Fairbanks has any connection with the case. Douglas Fairbanks and Mary Pickford are both at the studios of the Famous Players in Hollywood, Cal., engaged in the production of pictures.

"Just who wrote 'Owen Moore and wife' on the register is something we've got to clear up," admitted Assistant District Attorney Kilroe just before he brought Le Claire down to the Grand Jury room.

According to Attorney Graham, Le Claire believed he (Graham) thought Moore was guilty and was protecting his client by handing out the \$150. Le Claire collapsed when he discovered the trap he had walked into. Owen Moore is said to have announced last spring that he was about to start a suit against Douglas Fair-

STRONG POSITIONS TAKEN IN STUBBORN FIGHTING

AMERICANS SHELLING METZ WITH THEIR 9-INCH GUNS; LIBERTY MOTORS IN TANKS

Activities of U. S. Army in Bombarding Forts Told by War Department Officials—Identity of Troops in Mihiel Not Reported.

WASHINGTON, Sept. 20.—The forts of Metz, the German stronghold in Lorraine, are under the fire of American guns of nine-inch and larger calibre, members of the House Military Committee were told to-day at their weekly conference with Acting Secretary Crowell and other War Department officials. The identity of American troops participating in the offensive that wiped out the St. Mihiel salient and brought Metz within range of the heavy guns, has not been reported to the Department by Gen. Pershing. Production of Liberty Motors and of ordnance, particularly eight-inch howitzers, is increasing, the officials said. The production of motors was said to have passed 7,000, of which 2,500 have gone to the Navy and the Air Corps. Liberty Motors now are being used in tanks.

AMSTERDAM, Sept. 20.—Metz is under fire of American cannon. An official communication relative to the bombardment is published in the newspapers of that city, according to a Berlin despatch. It follows: "The enemy for several days has been bombarding Metz with a long-range gun. Such bombardment has been always possible throughout the war, and has long been expected. Modern guns have a longer range than, for example, from south of Pont-a-Mousson to Metz. The present bombardment, therefore, is in no wise connected with the fact that the enemy after our evacuation of the St. Mihiel salient drew nearer to the town. It is only a concomitant phenomenon of the present battle west and southwest of Metz and will cease when those battles come to a standstill. Regulations regarding entry and departure from the fortress zone, therefore, are unaltered."

EIGHT GASSED U. S. SOLDIERS KILLED WHEN ENEMY DROPS BOMB ON CLEARING HOSPITAL

Aviators Deliberately Fired On Patients Despite Large Red Cross on Ground—Medical Corps Members Wounded.

WITH THE AMERICAN ARMY ON THE LOURRAINE FRONT, Tuesday, Sept. 19 (Associated Press).—Eight Americans were killed when a clearing hospital was hit by a German shell Wednesday night. The enemy threw a large number of high explosive projectiles into the region of the hospital on two successive nights, and finally hit a large tent where gassed patients were confined. A large Red Cross against a field of white had been laid on the ground before the hospital so that it could be observed by German aviators. Officers say that the Germans were deliberately firing on the hospital, as there are no wounds near where troops might be concealed.

The majority of the Americans killed in the hospital were privates who had been gassed recently west of Vandieres. Several members of the Medical Corps were among the injured.

The shell struck the hospital about midnight and there was great confusion owing to the darkness. Other shells continued to fall in the near vicinity of the hospital.

Officers speak in the highest tones of the heroic efforts of the attendants to relieve the suffering of the wounded. Every member of the staff did all possible despite the danger from the other shells. The nurses at the hospital are men, as women nurses are not allowed so near the front.

banks, and it was said that Fairbanks in such an event would offer a vigorous defense. But it is not known that any such suit was filed. Mr. Kilroe said that Le Claire had been arrested ten years ago on a forgery charge, had pleaded guilty before Judge Swann—who is now District Attorney—and had been released on a suspended sentence.

Germans Suffer Great Losses to the British in Killed and Captured—Franco-Americans Defeat Enemy on the Vesle River.

LONDON, Sept. 20.—Despatches from the British and French fronts show further progress in the envelopment of St. Quentin. On the south the French have carried Essigny-le-Grand, four miles from the city.

In his report Field Marshal Haig says English troops attacked in the Lempire-Epehy sector shortly after noon yesterday. In the face of heavy artillery and machine gun fire they made valuable progress to the depth of more than a mile beyond the line previously gained in this locality.

A strong position known as Malassie Farm (midway between Lempire and Epehy and opposite Le Catelet) was captured after obstinate resistance, and with it a number of small woods, posts and defended localities forming part of the former British defensive system.

On the northern part of the battlefield British attacked last night and recaptured Moeuvres. Here also the enemy's resistance was obstinate. The fighting is still continuing.

GERMANS SUFFER HEAVY LOSSES.

Losses of the German troops have been tremendous. The British War Office last night announced the capture of 10,000 prisoners and 60 guns in the present drive. The number taken by the French has not been announced. It is reported that the British have captured 40,000 Germans so far in September and that the captures by Americans and French on other fronts bring the total number of prisoners up to 70,000 for the month.

Paris reports that south of the St. Quentin sector the French have gained further ground northeast of Vailly in the direction of the Chemin des Dames. A German attempt to cross the Vesle, where American troops are in the line, was repulsed.

The Germans during the night made strong attacks against the new French positions north of Allemant, between the Ailette and the Aisne. The enemy was repulsed with very heavy losses.

AUSTRALIANS CUT DEEPER INTO LINE.

WITH THE BRITISH FORCES IN FRANCE, Sept. 20 (Associated Press).—Australian troops to-day continued their penetration of the Hindenburg system and are now two-thirds of a mile from Bellinglise, four miles northwest of St. Quentin.

Steady thrusts made by the victorious British divisions on the battlefield northwest of St. Quentin gave them additional ground during the night. Exhausted enemy forces sheltered in the Hindenburg main defenses were given no rest.

On the right near the junction of the Allied armies English and Scottish troops completed the clearance of Holnon village and the nest and redoubts adjoining, which had given considerable trouble to the French.

The British troops swept the cemetery at Fresnoy free of machine guns. Gricourt, a village one mile east of Fresnoy, which had been strongly defended by reason of the network of old British trenches, was kept under a destructive fire during the night.

The recapture of Moeuvres last night completely restores the British line in that section of the Canal du Nord. The Germans fought very hard for the village. Moeuvres is a solid mass of trenches and dugouts covering a square mile of ground. It is the junction of the main and support Hindenburg lines, and is the most difficult obstacle which the British have encountered anywhere in that defensive system. The enemy regards it as the key to the position north of Havrincourt.

AMERICANS CHECK TWO RAIDS ALONG THE LORRAINE FRONT

Infantry Attacks Follow Two Bombardments Lasting Forty-five Minutes—Fail to Reach U. S. Lines.

WITH THE AMERICAN ARMY ON THE LORRAINE FRONT, Sept. 20 (Associated Press).—Enemy forces attempted to raid the American lines on this front Wednesday morning. After two bombardments which lasted forty-five minutes, in which high explosives and gas shells

U. S. DRAFT ENROLLMENT 101.5 P. C. OF ESTIMATE

Washington Has Highest Registration of Any State So Far Reported to Officials.

WASHINGTON, Sept. 20.—Draft officials to-day said that the draft enrollment of the nation on Sept. 12 was 101.5 per cent of the estimated total of 12,778,000. Complete returns from the draft registration in Washington State showed 102,671 enrolled there for military service against an estimate of 146,853. This was 131 per cent of the estimate, or the highest registration so far reported by any State.

616 SHOT IN PETROGRAD; 5,000 SENT TO PRISON

Six Generals Among Those Slain Early in September, Is Report in Paris.

PARIS, Sept. 20.—More than 100 persons were shot in Petrograd on Sept. 5, according to a despatch to the Journal. On Sept. 7, the despatch said, 114 others, including six generals, were killed. Five thousand persons have been sent to the immense new prison at Niki-Novogorod.

GOLD "SPECS" HIT BY WAR

Announcement that opticians throughout the country will eliminate thousands of styles in spectacle and eyeglass frames to conserve gold, was made to-day by the War Service Committee of the optical industry. With one-fourth of the Nation's population wearing glasses, it was stated, several million dollars' worth of gold, of \$55,000,000 used annually in manufacturing, goes into optical products.
